Authorization for this examiner's amendment was given in a telephone interview with Alan Kasper on 28 August 2007.

The application has been amended as follows: See attached Claim Amendments, pages '1-4'.

2. The following is an examiner's statement of reasons for allowance: Claims 1-2, 4, and 9 in the application are deemed to be directed to a nonobvious improvement over the prior art or any other searched art, and their combinations. The claimed difference between a default average and actual average of a/c detection signals and resulting threshold shift based on this difference is not found in the prior art or any other searched art to date that would overcome the claimed wheel speed detection system.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
